

Hand held Core drill

DF 320

**Compact design
for
Dry and wet drilling**

- High motor performance 1350 W - 50 Hz with double insulation
- **Variable speed** control switch, can operate with soft start
- Motor overload circuit protection
- Clutch system : built in adjustable slip-clutch system to protect user from strong torque during drilling (adjustable from outside)
- Compact design and low weight for easy handling
- Equipped with tool box
- Patented compact telescopic stick
- Included is a water Kit that supports wet Drilling

Diamond core drill	DF - 320
Voltage	230 V - 50 Hz - 6.2 A
Demand	1350 W
Speed gear case	Variable 0 - 2200 rpm
Wet drilling range	Ø 25 à 76 mm
Dry drilling range	Ø 25 à 130 mm
Weight	4,3 kg
Box dimension	720 x 390 x 200 mm
Spindle	1/2 " Female
Power cable, lenght	4,8 m
